

A Golden Opportunity
— IN THE HEART OF —
BHARATH FUTURE CITY

Project Highlights

Welcome to Grupe's Metro County, an exceptional residential layout nestled in the rapidly developing locale of Kothur. Designed as per Vaastu principles, the venture offers thoughtfully planned plots with 60' and 30' wide Black Top Roads for seamless connectivity. The project features a beautifully landscaped parks, and avenue plantation, creating a serene and green living environment. It is equipped with essential infrastructure such as an underground drainage system, electrical lines with street lights and a transformer, an overhead water tank, and a dedicated water supply line to each plot. With a secure compound wall surrounding the community and a well-designed play area, Metro County promises a perfect blend of comfort, safety, and convenience all at a prime location near Kothur Hyderabad's future growth corridor.
